Installation Instructions

This entire booklet should be read before commencing installation of the tank.

- Installation should meet current Building Control/Environmental Agency/Pollution Control guidelines.
- For all tanks please take into consideration Health and Safety/Local Building Regulations.
- Prior to installing inspect for damage.
- Determine if tank needs to be secured in place in exposed conditions. Do not drill holes in the tank.
- Tanks may be fitted with bottom or top outlets.
- For vapourising appliances, bottom outlets are preferred (see figure 1). However, if a top outlet tank is used, a lift pump will be required - consult the appliance manufacturer for technical advice.
- For bottom outlets, the length of pipe run, tank height and boiler requirements will determine the outlet size.
- All associated pipe work should be supported independently so as not to put any strain on the tank.
- Buried pipe work needs to meet current building control guidelines.
- Connections must be held in place when tightening. Do not over tighten.
- Use only approved sealing tape provided.
- Never solder joints/connections.
- The guarantee card in this booklet should be returned without delay.
- The serial number must be completed to validate the warranty. This number is usually located around the lid area and on larger tanks on the rib above the outlet.
- It is recommended that an OFTEC registered installation technician with the appropriate qualifications is used to install the tank.
- The warranty is dependent on the tank being correctly installed and maintained by a suitably qualified technician. After installation, please ensure that this instruction booklet is left with the end user for future reference.

Bottom Outlet Fitting Kit

A bottom outlet fitting kit consists of: PTFE tape, reducer (or straight male to male nipple, depending on outlet size), and shut-off valve/filter combined.

- The standard outlet on the tank is a 1" BSP female thread which can take a bottom outlet fitting kit.
- Bottom outlet fitting kits have a hydraulic fitting. This fitting needs to be seated and aligned before and during tightening.
- Outlet fitting kits are guaranteed for one year.
- The filter bowl may be orientated to suit the installation, as shown in figure 3 (Page 6).

Retrofit kits are available upon request.

Plastic Tanks

Plastic Tank Installation.

- Plastic tanks will generally either be installed at ground level (as in fig 2), or on a raised platform (as in fig 1).
- Either way the entire base of the plastic tank must be supported. This is very important and will affect your guarantee.
- Plastic tanks are generally manufactured with a 1" BSP bottom outlet connection, 2" BSP top fill point connection, a tank vent, a 4" inspection lid and various other ports for fitting a contents gauge etc. Bunded tanks will also have a 18" top hinged lid for access to the inner tank.
- Top outlet tanks will have a top connection for 10mm copper pipe instead of the 1" BSP bottom outlet connection.

Steel Tanks

Steel Tank Installation.

- Steel tanks will generally be installed on two or more raised pillars so as to limit corrosion to the base of the tank.
- Bunded tanks are supplied with additional base support runners so these can be installed on a ground level platform. Either way, it is recommended that a bitumen type strip material is installed underneath the tank contact points to further limit corrosion.
- Single skin steel tanks installed on raised pillars should have support to the vertical sides of the tank. For example, the pillars should extend beyond the dimensions of the tank in order to fulfil this (see figure 3).
- Single skin steel tanks are supplied with 3 x 2" BSP top female sockets (fill, vent and gauge), 1 x 1" BSP bottom outlet socket and 1 x 3/4" BSP drain socket (plugged).
- Bunded Steel tanks are supplied with, 2 x 2" BSP top female sockets (fill and gauge), 1 x 1" BSP top suction drain (plugged), 1 x 2" BSP tank to bund vent, 1 x 2" bund vent c/w cowl, 1 x 1/2" BSP top female socket for bund gauge and 1 x 1" BSP bottom outlet socket.
- It is also good practice to install single skin steel tanks with a very slight slope towards the drain socket to facilitate any water drain off.

Storage Tank Guarantee

Warranty.

We offer a 12 year guarantee on our plastic bunded tanks, 3 years if plastic single skin, 3 years if steel single skin, 10 years if steel bunded from the date of purchase against faulty materials or workmanship, provided that:

1. The tank has been purchased by the end user and is not for hire purposes. Proof of purchase will be required.
2. The tank has not been misused or handled carelessly.
3. Repairs have not been attempted other than by our service staff.
4. The tank is used for the storage of Kerosene (C1/C2), Agricultural Fuel Oil (A2) and Diesel (D), (BS2869: Part 2: 1998) or in the case of water tanks - water. It should be noted that our tanks are not suitable for the storage of petrol or liquid petroleum gas (LPG).
5. The tank is installed above ground.
6. The tank has been installed by an OFTEC approved installer and/ or complies with the current Building Control Regulations at time of installation.
7. The tank has not transferred ownership.
8. Steel tanks must be painted following installation to cover any bare metal areas caused during transit & installation. Steel tanks must also be painted once a year to maintain the 3 or 10 year warranty. (If painted once a year we can advise that the tanks will last longer than the warranty period advised). The tank paint is a Zinsser paint which can be purchased on our website. www.atlantistanks.co.uk

The guarantee excludes ancillary fittings such as liquid measuring gauges or mechanical pumps. This guarantee does not confer any rights other than those expressly set out above and does not cover any claims for consequential loss or damage. The guarantee is offered as an extra benefit and does not affect your statutory rights as a consumer.

Tank Maintenance

Tank maintenance should be carried out annually by an OFTEC registered technician.

Or better still by our own registered technicians.

A check should be made on the following items:

- The condition of the tank.
- The tank for any water ingress. Determine the cause and rectify.
- The condition of all pipework and fittings.
- The condition of filling and venting provisions.
- The condition of tank supports.
- The bunded tank: determine if any fluid is present in the bund, determine cause and rectify. Remove fluid as soon as possible and dispose of according to the required legislation.
- The condition of measuring devices, including bund contents alarm. (where applicable)
- Determine if there are any oil leaks.
- Check the filter bowl and replace parts as necessary. If spare parts are not readily available please contact us.
- The anti-siphon valve is working according to the manufacturer's instructions. (where applicable)
- The Tigerloop de-aerator is working according to the manufacturer's instructions. (where applicable)

Terms & Conditions

This page (together with the documents referred to on it) tells you the terms and conditions on which we supply products ('Products') to you ('Conditions'). Please read these Conditions carefully before ordering any Products from us. You should understand that by ordering any of our Products, you agree to be bound by these Conditions.

1. You should print a copy of these Conditions for future reference.
2. YOUR STATUS

By placing an order with us, you confirm that you are legally capable of entering into binding contracts.

By placing an order with us, you also confirm that:

- (a) You are a business that is incorporated and operating in the United Kingdom; or
- (b) You are an individual who is 18 years or older and a sole trader or a partner in a partnership incorporated and operating in the United Kingdom.

We rely on these statements by you in entering into an agreement with you for sale of any Product.

3. HOW THE CONTRACT IS FORMED BETWEEN YOU AND US

- 3.1 After placing an order, you will receive an e-mail from us acknowledging that we have received your order. Please note that this does not mean that your order has been accepted. Your order constitutes an offer to us to buy Products. All orders are subject to acceptance by us, and we will confirm any such acceptance to you by sending you an e-mail that confirms that the Products have been dispatched ('the Dispatch Confirmation'). The contract between us ('Contract') will only be formed when we send you the Dispatch Confirmation.
- 3.2 The Contract will relate only to those Products whose dispatch we have confirmed in the Dispatch Confirmation. We will not be obliged to supply any other Products which may have been part of your order until the dispatch of such Products has been confirmed in a separate Dispatch Confirmation.
- 3.3 We may, in our absolute discretion, allow you to cancel the Contract and return the Products at any time within fourteen days after the date on which the Contract is formed. If we agree to cancel the Contract under these circumstances, we will refund the price of the Products after deducting delivery, return and re-stocking costs.

4. AVAILABILITY AND DELIVERY

- 4.1 We shall deliver the Products to the location set out in the Order or such other location as the parties may agree ('Delivery Location').
- 4.2 We will use our reasonable endeavours in an effort to ensure that your order is fulfilled by the delivery date set out in the Dispatch Confirmation or, if no delivery date is specified, then within 30 days of the date of the Dispatch Confirmation ('Delivery Date').
- 4.3 Delivery is completed on the completion of unloading of the Products at the Delivery Location.
- 4.4 Any dates quoted for delivery are approximate only, and the time of delivery is not of the essence. We shall not be liable for any delay in delivery of the Products that is caused by a Force Majeure Event or your failure to provide us with adequate delivery instructions or any other instructions that are relevant to the supply of the Products.
- 4.5 If we fail to deliver the Products, our liability shall be limited to the costs and expenses incurred by you in obtaining replacement goods of similar description and quality in the cheapest market available, less the price of the Products. We shall have no liability for any failure to deliver the Products to the extent that such failure is caused by a Force Majeure Event or your failure to provide us with adequate delivery instructions or any other instructions that are relevant to the supply of the Products.
- 4.6 You must inspect the Products on delivery and notify us without delay if you identify any defects.
- 4.7 If you fail to accept delivery of the Products on the Delivery Date, then, except where such failure or delay is caused by a Force Majeure Event or our failure to comply with our obligations under the Contract:
 - (a) delivery of the Products shall be deemed to have been completed on the Delivery Date; and
 - (b) we shall store the Products until delivery takes place, and charge you for all related costs and expenses (including insurance).

- 4.8 If ten days after the Delivery Date you have not accepted actual delivery of the Products, we may resell or otherwise dispose of part or all of the Products and, after deducting reasonable storage and selling costs, account to you for any excess over the price of the Products or charge you for any shortfall below the price of the Products.
- 4.9 Additional terms and conditions relating to delivery are available on our web site. Please read those terms and conditions carefully before ordering any Products from us. You should understand that by ordering any of our Products, you agree to be bound by those terms and conditions as well as these Conditions.

5. RISK AND TITLE

- 5.1 The Products will be at your risk from the time of delivery.
- 5.2 Ownership of the Products will only pass to you when we receive full payment (in cash or cleared funds) of all sums due in respect of the Products, including any delivery charges.
- 5.3 Until title to the Products has passed to you, you shall:
- not remove, deface or obscure any identifying mark on or relating to the Products;
 - not install the Products; and
 - maintain the Products in satisfactory condition and keep them insured against all risks for their full price from the date of delivery.
- 5.4 At any time before title to the Products passes to you, we may require you to deliver up all Products in your possession and if you fail to do so promptly, we may enter any of your premises and/or those of any third party where the Products are stored in order to recover them.

6. PRICE AND PAYMENT

- 6.1 The price of any Products will be as quoted on our site from time to time, except in cases of obvious error.
- 6.2 These prices (unless stated otherwise) include VAT and delivery costs (apart from goods/services sold out of the UK).
- 6.3 Prices are liable to change at any time, but subject to clause 6.6 changes will not affect orders in respect of which we have already sent you a Dispatch Confirmation.
- 6.4 It is always possible that, despite our best efforts, some of our Products may be incorrectly priced. We will normally verify prices as part of our dispatch procedures so that, where the Products' correct price is less than our stated price, we will charge the lower amount when dispatching the Products to you. If the Products' correct price is higher than the price stated, we will normally, at our discretion, either contact you for instructions before dispatching the Products, and/or reject your order and notify you of such rejection.
- 6.5 We are under no obligation to provide the Products to you at the incorrect (lower) price, even after we have sent you a Dispatch Confirmation, if the pricing error is obvious and unmistakable and could have reasonably been recognised by you as a mis-pricing.
- 6.6 We may, by giving notice to you at any time up to 5 days before delivery, increase the price of the Products to reflect any increase in the cost of the Products that is due to:
- any request by you to change the Delivery Date, quantities or types of Products ordered; or
 - any delay caused by any of your instructions or your failure to give us adequate or accurate information or instructions.
- 6.7 Unless agreed otherwise in writing, we may invoice you for the Products on or at any time after you place your order.
- 6.8 You shall pay for the Products:
- when you place your order or in accordance with any credit terms agreed in writing; and
 - in full and in cleared funds to a bank account that we nominate in writing.
- 6.9 Time for payment shall be of the essence of the Contract.
- 6.10 If you fail to make a payment due to us under the Contract by the due date, then, without limiting our remedies under clause 8 (Termination), you shall pay interest on the overdue sum from the due date until payment of the overdue sum, whether before or after judgment. Interest under this clause 6.10 will accrue each day at 4% a year above the Bank of England's base rate from time to time, but at 4% a year for any period when that base rate is below 0%.
- 6.11 All amounts due under the Contract shall be paid in full without any set-off, counterclaim, deduction or withholding other than any deduction or withholding of tax as required by law.
- 6.12 We accept payment by credit and debit card, and Paypal. We also accept payment by BACS, CHAPS or FPI etc.
- 6.13 We have the right to revise or revoke any credit terms in the event that you breach the Contract.

7. WARRANTY / OUR LIABILITY

- 7.1 We warrant to you that at the time of delivery any Products purchased from us through our site will be of satisfactory quality and reasonably fit for any purpose held out by us.
- 7.2 We warrant that at the time of delivery the Products will be compliant with all applicable laws, but any requirement to re-test the Products following delivery will be your responsibility.

- 7.3 We guarantee that on delivery and for a period of twelve months (the "Guarantee Period"), the Products shall be free from material defects. Proof of purchase will be required. However, this guarantee does not apply in the circumstances described in clause 7.6.
- 7.4 Subject to clause 7.6, we shall, at our option, repair or replace the defective Products, or refund the price of the defective Products in full if:
- (a) you give us notice in writing during the Guarantee Period within a reasonable time of discovery that some or all of the Products do not comply with the guarantee set out in clause 7.3; and
 - (b) we are given a reasonable opportunity of examining such Products.
- 7.5 These Conditions shall apply to any repaired or replacement Products that we supply.
- 7.6 The guarantee set out in clause 7.3 does not apply to any defect in the Products arising from:
- (a) you continuing to use the Products after giving notice in accordance with clause 7.4.
 - (b) fair wear and tear;
 - (c) wilful damage, abnormal storage or working conditions, accident, negligence by you or by any third party;
 - (d) if you fail to operate or use the Products in accordance with the user instructions;
 - (e) any alteration or repair by you or by a third party; and
 - (f) any specification provided by you.
- 7.7 The terms implied by sections 13 to 15 of the Sale of Goods Act 1979 are, to the fullest extent permitted by law, excluded from the Contract.
- 7.8 We have obtained insurance cover in respect of its own legal liability for certain claims, but we have been unable to obtain insurance in respect of certain types of loss at a commercially viable price. The limits and exclusions in this clause 7 reflect the insurance cover that we have been able to arrange and you are responsible for making your own arrangements for the insurance of any excess loss.
- 7.9 The restrictions on liability in this clause 7 apply to every liability arising under or in connection with the Contract including for negligence.
- 7.10 Our liability for losses you suffer as a result of us breaching the Contract is limited to the purchase price of the Products you purchased. We are not responsible for indirect or consequential losses including but not limited to:

 - (h) loss of use or corruption of software, data or information;
 - (i) loss of or damage to goodwill;
 - (j) reinstallation and removal costs; and
 - (k) remedial costs.
- 7.11 This does not exclude or limit in any way our liability:
- (a) for death or personal injury caused by our negligence or the negligence of our employees, agents or subcontractors;
 - (b) for fraud or fraudulent misrepresentation; or
 - (c) for any matter for which it would be unlawful for us to exclude, or attempt to exclude, our liability.
- 7.12 This clause 7 shall survive termination of the Contract.

8. TERMINATION

- 8.1 Without limiting our other rights or remedies, we may suspend provision of the Products under the Contract if you fail to pay any amount due under the Contract on the due date for payment.
- 8.2 Without limiting our other rights or remedies, we may terminate the Contract with immediate effect by giving written notice to you if you fail to pay any amount due under the Contract on the due date for payment.
- 8.3 On termination of the Contract for any reason you shall immediately pay all of our outstanding unpaid invoices and interest and, in respect of Products supplied but for which no invoice has been submitted, we shall submit an invoice, which shall be payable by you immediately on receipt.
- 8.4 Termination or expiry of the Contract, however arising, shall not affect any of the parties' rights and remedies that have accrued at termination or expiry, including the right to claim damages in respect of any breach of the Contract which existed at or before the date of termination or expiry.
- 8.5 Any provision of the Contract that expressly or by implication is intended to come into or continue in force on or after termination or expiry of the Contract shall remain in full force and effect.

9. WRITTEN COMMUNICATIONS

Applicable laws require that some of the information or communications we send to you should be in writing. When using our site, you accept that communication with us will be mainly electronic. We will contact you by e-mail or provide you with information by posting notices on our website. For contractual purposes, you agree to this electronic means of communication and you acknowledge that all contracts, notices, information and other communications that we provide to you electronically comply with any legal requirement that such communications be in writing. In proving the service of any notice, it will be sufficient to prove, in the case of a letter, that such letter was properly addressed, stamped and placed in the post and, in the case of an e-mail, that such e-mail was sent to the specified e-mail address of the addressee.

11. TRANSFER OF RIGHTS AND OBLIGATIONS

11.1 The Contract between you and us is binding on you and us and on our respective successors and assigns.

11.2 You may not transfer, assign, charge or otherwise dispose of the Contract, or any of your rights or obligations arising under it, without our prior written consent.

12.3 Our performance under any Contract is deemed to be suspended for the period that the Force Majeure Event continues, and we will have an extension of time for performance for the duration of that period. We will use our reasonable endeavours to bring the Force Majeure Event to a close or to find a solution by which our obligations under the Contract may be performed despite the Force Majeure Event.

12.4 We may have to cancel your order if stock is unavailable. If this happens:

- (a) We will promptly contact you to let you know.
- (b) If you have made any payment in advance for Products that have not been delivered to you we will refund those amounts to you.
- (c) We will not charge you anything further and you will not have to make any payment to us.

13. WAIVER

13.1 If we fail, at any time during the term of the Contract, to insist upon strict performance of any of your obligations under the Contract or any of these Conditions, or if we fail to exercise any of the rights or remedies to which we are entitled under the Contract, this shall not constitute a waiver of such rights or remedies and shall not relieve you from compliance with such obligations.

13.2 A waiver by us of any default shall not constitute a waiver of any subsequent default.

13.3 No waiver by us of any of these Conditions shall be effective unless it is expressly stated to be a waiver and is communicated to you in writing in accordance with clause 10 above.

14. SEVERABILITY

If any of these Conditions or any provisions of a Contract are determined by any competent authority to be invalid, unlawful or unenforceable to any extent, such term, condition or provision will to that extent be severed from the remaining terms, conditions and provisions which will continue to be valid to the fullest extent permitted by law.

- 15.3 Any samples, drawings, descriptive matter or advertising produced by us and any descriptions or illustrations contained in our catalogues or brochures are produced for the sole purpose of giving an approximate idea of the Products referred to in them. They shall not form part of the Contract nor have any contractual force.
- 15.4 Each of us agrees that the only rights and remedies available to us arising out of or in connection with a representation shall be for breach of contract as provided in these Conditions.
- 15.5 Nothing in this clause shall limit or exclude any liability for fraud.

16. OUR RIGHT TO VARY THESE CONDITIONS

- 16.1 We have the right to revise and amend these Conditions from time to time.
- 16.2 You will be subject to the policies and Conditions in force at the time that you order products from us, unless any change to those policies or these Conditions is required to be made by law or governmental authority (in which case it will apply to orders previously placed by you), or if we notify you of the change to those policies or these Conditions before we send you the Dispatch Confirmation (in which case we have the right to assume that you have accepted the change to the Conditions, unless you notify us to the contrary within three working days of receipt by you of the Products).
