

OIL TANKS

Underground & Single Skin Storage

Harlequin®
Storage Tanks

RELIABLE CONTAINERS

Harlequin Single Skin Oil Tanks

With 9 different tanks to choose from ranging from 920 litres up to 2500 litres, the Harlequin above ground Single Skin Oil Tank range is the perfect choice when a Bunded Oil Tank is not required to be installed.

Benefits of Harlequin Above Ground Single Skin Oil Tanks:

- **Approved and Tested** - each tank is independently tested and certified to EN13341 standard, with OFCERT approval.
- **Non-Corrosive** - manufactured from Medium Density Polyethylene (MDPE) your Harlequin tank will not corrode.
- **Lightweight** - tank weights range from 57kg to 91kg, making each product very easy to move when handling and installing.
- **Contents Monitoring Available** - each model has a 32mm pre-drilled hole suitable for fitting an electronic gauge.

Harlequin Underground Oil Tanks

Satisfy your customers demand for increased garden space and security with an underground oil storage tank. A popular choice for small gardens and sensitive landscapes.

Benefits of Harlequin Underground Oil Tanks:

- **Innovative Design** - the range includes the first ever plastic Double Walled Underground Oil Tank.
- **Easy Installation** - Harlequin underground oil tanks have moulded in lifting eyes to make moving and installing your tank easier.
- **Secure Storage** - installing an underground oil tank will keep your tank out of sight of potential fuel thieves.
- **Non-Corrosive** - manufactured from Medium Density Polyethylene (MDPE) your Harlequin tank will not corrode.
- **Contents Monitoring** - each model comes complete with an electronic gauge for effective monitoring.
