

Our Smallest EV Charger

Say goodbye to bulky, unsightly EV chargers with our latest **in-wall EV** charging solution which combines a slim, aesthetically pleasing design with robust and reliable functionality.

- Slimline Design: Only 37mm deep when recessed, delivering a stylish, modern finish.
- Versatile Mounting Options: Choose between recessed or surface-mounted to fit your project's needs.
- Retrofittable & Easy to install: No specialist tools or complex setup required.
- Integrated Safety: Built-in SPD and Type A RCD protection, eliminating the need for extra upstream devices.
- Smart Control: Easily manage charging via the Sync Energy App with OCPP 1.6J connectivity.
